Your day,  
your party,  
your way!

**We looove weddings.** In fact, we love weddings so much that we have decided to propose something alternative and fresh. Original atmospheres with indoor outdoor venues that are flexible, and services that really pop up.

For starters, the hotel entrance is made of led screens welcoming you and your guests with favourite photos, art or messages. What an entrance for the couple and what a treasure for the wedding social feed.

Setting your event here, makes you popular for many more reasons. Choose "Homework" venue for a feeling of celebrating in a down-town loft, with home inspired design objects and furniture. Or go straight to the top and impress guests with epic views on our "Cloud" Roof Top Bar with stunning 360° vistas of the city and three available party spaces by the pool.

**Corporate  
events,  
boring #not**

Creativity and bonding are boosted in easy and relaxed atmospheres. This homely feeling is communicated through the ambiance in all of our venues in spaces that can be used separately or joined together for larger gatherings.

Brainstorm your thoughts with partners at the "Library". Discuss your business scheme and ideas at the "Living Room". Take a coffee or lunch break at the "Dining Room", a cocktail at the "Cloud" roof top bar and don't miss the opportunity to unwind at the "Ball Pit Fun Room". And never forget. We take customization very personally.

All our venues are backed by top notch technology with all tech gadgets you will need for a meeting session, a presentation, a conference. Gourmet snacks, lunch and cocktails can be arranged for any event.

## Upcoming meetings for big ideas

In the contemporary business reality, traditional hotel settings are outdated and uninspiring. We have changed that with spaces that have a fresh personality and can inspire innovation in plans and ideas.

Consider the whole hotel as your working space with lots of different areas to use separately or combine for greater impact.

Use the creative vibes of the "Library" to organise new and original business meeting experiences, the relaxing aura of the "Living Room" for discussions and exchange of ideas, the "Dining Room" for coffee or lunch breaks and the 360° vistas of the "Cloud" roof top bar for discovering new points of view.

Nowhere in the hospitality world will you find a networking tool that it is as fun and exciting. Use this space as a new way to conduct business away from business and add a certain free spirit to any meeting background. The colourful balls operate as a great mood lifter.

Take games and playing very seriously when it comes to bonding and releasing stress. Use the "Ball Pit Room" as the playful backdrop for even the most important get togethers, and show to all participating new ways of building meaningful relations.
